

17th June 2026

Dear Parents/Carers

Access to Seedlings, Woodlands, Holly Class and Oak Class

As you all know the exciting building works have started in our Early Years settings; this will include a new 2-Year-Old Nursery and an amazing outside area for our Early Years children. The 2-Year-Old Nursery building will be bought on site on Saturday. This means **that on Friday 19th June and Monday 22nd June everyone needing to go to Seedlings, Woodlands, Holly and Oak class will need to come in to school following;**

- the path that leads between the Infant building and the Junior School steps
- through the Infant playground
- then down to the canopy and on to your child's class.

As shown by the red path on the below photo.

Thank you for your continued cooperation during this transformation.

Yours sincerely,

Mrs. Longworth

Executive Headteacher
