

Maths Home Learning Activities

Activity 1: Go on a shape hunt around your home. What different 2D and 3D shapes can you see. Draw some of the objects that you find.

Activity 2: Play some maths games on BBC Bitesize:

<https://www.bbc.co.uk/bitesize/articles/zd4b382>

There are some great educational games on the CBEEBIES app too. Remember there is also the 'one minute maths White Rose' app too.

Activity 3: Explore different ways of making the number 10. Use your toys to represent the calculation.

Activity 4: We have recently learnt about doubles and odd and even numbers. Have a watch of a short Numberblocks clip as revision.

Doubles: <https://www.bbc.co.uk/iplayer/episode/m002hgg3/numberblocks-series-8-double-duets>

Odds and Evens: <https://www.bbc.co.uk/iplayer/episode/b08r2l4d/numberblocks-series-2-odds-and-evens>

Extension: Feel free to draw a butterfly or ladybird to show the doubles you spotted or/and draw sorting circles to show/write which numbers are odd and which are even.
